

CyberArk Resident Engineer / Architect

Flexible, Dedicated CyberArk PAM / EPM Expertise — Part-Time or Full-Time

A flexible staff augmentation model providing dedicated CyberArk expertise to operate, optimize, and evolve your PAM program — without the cost or commitment of a full-time hire.

WHAT WE DO

Flexible Engagement Model

- Full-time (8 hrs/day)
- Half-time (4 hrs/day)
- On-demand scheduled support
- Remote delivery model

Core Responsibilities

- CyberArk PAM environment monitoring
- Ticket triage & issue resolution
- Vault, platform & account maintenance
- Upgrade & patch planning support
- Reporting & metrics support
- Documentation & SOP updates

WHAT YOU RECEIVE

- Vendor-certified engineer/architect
- Continuity & operational stability
- Faster issue resolution
- Proactive risk reduction
- Reduced dependency on internal hiring
- Access to SDG PAM COE

ARCHITECTURAL SUPPORT (OPTIONAL ADD-ON)

- Roadmap alignment, platform optimization
- New use case onboarding, governance & operating model support

WHY IT MATTERS

ABOUT US

With more than 30 years of experience partnering with global enterprises on complex business and IT initiatives, SDG is a trusted provider of advisory, transformation, and managed services. The firm empowers organizations to strengthen cyber resilience by integrating AI into identity, threat, and risk management solutions that protect digital assets and deliver measurable business value.
